Хід уроку

I. Вступна бесіда

Dear friends, we have spoken much about the UK and its people and today we shall travel to one of the most beautiful cities of this country – London. We shall know a lot of interesting information about its history, traditions and sights. But first, I want to ask you some questions about this city and see what you know about it:

- What is London?
- Where is it situated?
- On what river does London stand?
- What is the symbol of London?
- What sights of London do you know?

II. Основна частина уроку

2.1. Вступна бесіда

And now I want you to know more about this city. You have travel leaflets on your desks where you can read some information about London.

Read this information attentively. You will need it some minutes later.

Texts for reading

Travel leaflet 1

What kind of London would you like to see? Rich and beautiful? Go to the West End! This part of London is the symbol of wealth and luxury. The best hotels, shops, restaurants, theatres

are situated there. Here are the historical places (Buckingham Palace, the Houses of Parliament, Westminster Abbey, etc.) as well as the famous parks such as Hyde Park and Kensington Gardens.

the Houses of Parliament

Buckingham Palace

Westminster Abbey

Kensington Garden

If you want to see the busiest part of London - you should visit the City. It's the heart of London, its financial and business center where a lot of banks offices and firms are situated. Few people live there, but over a million people come to the City to work here is situated the Tower of London.

The City

If you want to see an industrial London - go to the East End. It was once the poorest district of London - with lots of factories, docks, narrow streets and unimpressive buildings. But the district is changing very fast.

Travel leaflet 2

If you are in London – start your sightseeing with the Houses of Parliament. Once a royal palace they are now the seat of the Government. It contains 500 apartments. Among them are the Clock Tower, the House of Lords and the House of Commons. When the House is in session a Union Jack (the flag of the UK) flies from the tower by day and a light burns in the Clock Tower by night.

There is another famous sight there - Big Ben. Big Ben is actually the biggest bell on the Clock Tower that rings, but everybody thinks it's a tower. The man in charge of the building of the tower was Sir Benjamin Hall. He was very tall and workers called him Big Ben. So they called the bell Big Ben too.

Travel leaflet 3

Piccadilly Circus. It is a well-known place where some famous streets of London meet. This place is also well known for its brightly lit neon advertisements and for its nightlife.

Trafalgar Square. It is where Nelson's Column stands. It is also known for the large number of pigeons which come there and are fed by tourists.

Travel leaflet 4

Have you ever heard about Westminster Abbey? If you haven't - visit it immediately! It is a symbol of English tradition at its best. The coronations of nearly all English kings and queens since William the Conqueror, royal weddings and funerals have taken place there. Here you can see the graves of statesmen, philosophers and other distinguished people. Here you can see memorials to Newton, Darwin, Chaucer and Dickens.

Now, my dear friends, let's make an excursion around London. You will see this city and its sights. Your task is: look at the screen, see the sights and read some information about them. If you have known more information about this sight from your travel leaflet add it.

Вчитель представляє учням презентацію «Лондон». Під час перегляду презентації учні доповнюють запропонований ним матеріал, використовуючи інформацію, прочитану в текстах (Travel leaflets)

Презентація «Лондон»

Addition 1

London is the capital of Britain and the United Kingdom. It is one of the world's largest cities with a population of 6,700,000.

London was established by the Romans shortly after their invasion of Britain in 43 AD. The Romans built a city a square mile in size, surrounded it with a wall and called it “Londinium” This original site of London is now called the City of London and is only a very small part of it.

Addition 2

London is situated upon both banks of the River Thames. It consists of three parts: the City of London, the West End and the East End.

Addition 3

The Tower was founded by Julius Caesar and in 1066 rebuilt by William the Conqueror. It was used as a fortress, a royal palace and a prison. Now it's a museum.

Addition 4

The Houses of Parliament

The buildings in which the British parliament sits. The present Houses of Parliament were built between 1840-1867

Addition 5

Big Ben

The Clock Tower is the symbol of London, known as "Big Ben".

Addition 6

Westminster Abbey

Is the crowning and burial place of British monarchs. It has its world famous poet's Corner with memorials to Chaucer, Shakespeare, Kipling and other leading writers. Many outstanding people are buried here: Newton, Darwin, Dickens and others.

Addition 7

The Tower Bridge

One of London's best-known landmarks. It is over the River Thames near the Tower of London and the last bridge before the sea.

Addition 8

Buckingham Palace

The Palace is the official home of the British royal family. When the flag is flying on the top, the Queen is at home. This palace contains almost 600 rooms.

Addition 9

Trafalgar Square

Trafalgar Square is named so in commemoration of Nelson's great victory.

In the middle stands the famous Nelson Column with the statue of Nelson 170 feet high so as to allow him a view of the sea. The column stands in the geographical center of London.

Addition 10

The British Museum

It's the national museum of Britain, founded in 1753. It has one of the world's best collections of art and archaeological treasures.
